

Science Camp Assistant Program 2024

Students exiting 7th through 10th grades can gain experience teaching science and working with kids! SCAs help JMZ and Open Space Science Camp staff prepare and run camp activities. This is a great opportunity to learn more science and investigate future work as a science camp counselor. High school students may also apply the hours they spend in this program toward their community service graduation requirement. **DO NOT REGISTER WITHOUT FIRST** interviewing and being accepted into this program! Acceptance into this job training program is not guaranteed. To apply, complete and submit a SCA application by March 1st and interviews will be scheduled. You may obtain an application at the Junior Museum & Zoo, by e-mailing alex.hamilton@cityofpaloalto.org, or by calling 329-2111. Interviews will be scheduled and conducted during the month of March. Course dates are for the entire summer. Schedules will be set on an individual basis, but a 2-WEEK MINIMUM is required (2 consecutive weeks). Fees listed are for 1 week, and will be pro-rated for the week of July 4th.

Age: For students exiting 7th through 10th Grades

Hours: approximately 8:30 a.m. – 3:00 pm

Per Week Fee: \$66R/\$76/NR

Location: Junior Museum and Zoo, Girl Scout House, Lucy Stern Fireside Room, Foothills Nature Preserve, and the Baylands Nature Center

Interested applicants should email Alex.Hamilton@cityofpaloalto.org and she will send them an application.
